

Stuff you need to know

- To enjoy the benefits of You Choose™, you need to sign up to a 24-month agreement.
- You can move up to a core plan with more minutes, eg from 120 to 250 minutes, but there is a charge if you want to move down to fewer minutes than your original plan before your term expires.
- Your Add-On™ options can be changed on a month by month basis to suit any fluctuations in your lifestyle. However, you cannot change or buy more of the same Add-On™ options in the middle of a billing cycle.
Adding and removing Add-On™ options is even easier on-line. Go to www.vodafone.co.nz and click on 'Manage Your Account' in the tool bar. (Available from Late November 2005).
- If you exceed your nominated minutes in any part of your plan, you revert to standard pricing rates (Refer to the table below).
- You can check out all the details, along with terms and conditions, at www.vodafone.co.nz/plans

The lawyers made us do it

- You may purchase only one Add-On™ from within each Add-On™ category per month.
- If you are signed to You Choose™, the Add-On™ options you purchase will be pro-rated from the date of the purchase until your bill cycle date and thereafter align with your bill cycle.
- Once purchased, an Add-On™ will recur and be charged every month unless you notify us that you want it removed.
- If you notify us that you want an Add-On™ removed, the removal will be effected on your next bill cycle date.
- If you transfer from a You Choose™ Pricing Plan to another You Choose™ Pricing Plan, your active Add-On™ options will remain in place.
- For full terms and conditions, please visit www.vodafone.co.nz

Build your own plan with **Vodafone You Choose™**

Just follow the steps, and the rest is up to you:

STEP 1

Start by selecting the right 'Choose™' plan to get the anytime minutes you need

The included minutes can be used to call any landline or mobile in NZ anytime so you can make calls without worrying about extra charges.

You Choose™	What's in it	It's for you if you want to...	Per month
